We are a young and vibrant university with undiminished ambitions. We value our research capacity to work on complex interdisciplinary problems. Our spirit of inquiry drives our research and learning environments and our objective of earning a place in the top 1% of the world's universities.

Being Australia's 9th largest city and just over an hour from Sydney, Wollongong is a vibrant city that offers the perfect Australian lifestyle. It's affordable, easy to get around and enjoys a lower cost of living than other Australian cities.

Our courses have been developed by teachers who are leading their fields. Our student-focused approach to teaching and learning means you will have the guidance and support you need. And this all takes place in a city on one of Australia's most beautiful coastlines.

LIFE AT UOW

Our Wollongong campus combines modern teaching and study spaces on 83 hectares (205 acres) of landscaped Australian bushland. To ensure all our students achieve their best we have facilities dedicated to academic and well-being support, as well as health services, student accommodation, a sports precinct and events embracing culture and entertainment.

During your time at UOW there are endless opportunities to get involved with life on campus. With 120 clubs and societies, live acts on campus each year, it's just a matter of choosing between them.

Situated on the shores of the Pacific Ocean between the mountains and the sea, students can enjoy a relaxed coastal lifestyle with 17 patrolled surf beaches, endless hikes and trails and breathtaking lookouts.
