

GRUPO UNIS

a) English subjects:

In-person classes

- International Marketing
- Criativity and Innovation
- Project Management

Virtual classes

- Design Thinking for Business
- Machinne Learning
- International Law

In this case, the students can choose from these subjects which one is interesting for them, one or all of them.

- b) Portuguese subjects: On the other hand, we have subjects in Portuguese to be chosen too, in this case, as all international students have the opportunity to take a portuguese course during the semester, the international student who is interested can choose from these subjects too.
