

Bishop's University is located in the beautiful region of the Eastern Townships, in the province of Quebec, Canada. We are small, unique, English university that offers its students an undergraduate university experience like no other.

Why choose Bishop's University?

Bishop's boasts some of the smallest class sizes in the country (average size of 36), and passionate, supportive professors who truly care about the success of their students. As a result, all BU students receive personalized attention and valuable support throughout their studies.

Bishop's connects its students to an array of outstanding learning opportunities, including internships and exceptional learning experiences. These opportunities enable students to strengthen their skills and obtain valuable professional experience, all while working to complete their degrees.

Over the past 175 years, Bishop's has created a unique social environment for its students, one that fosters personal growth and development. This caring and supportive atmosphere nurtures students, and helps transform them into confident and skilled leaders who are ready to make a difference in this world.

These elements, when combined, form the essence and the soul of the Bishop's community. We invite you to watch the beautiful introductory video of our University:
