• The transcript and certificate of enrollment must be provided by the university/Institute/ school and must be stamped with the official stamp or the responsible person's signature. The letter of recommendation must have the full name

and contact information of the one who writes it.

- Please keep in mind that exchange students need to purchase Chinese Medical Insurance. Compensation from foreign-based insurance can take longer than from local-based insurance, and because the Chinese medical system requires payment before administering treatment, delays in compensation can have serious ramifications in the event of serious injury. In line with this new policy, students arriving in China will be asked to apply for Chinese Medical Insurance through Nankai University within their first week in the country.
- In order to transfer credits to your home university, students need to apply to get transcripts at the end of semester, and then need to get their official transcripts from School of International Education before leaving China.
- It is recommended to bring at least CNY 2000 in cash, as it will be needed for the taxi ride to the school and the dormitory deposit.
