Visa or Residence Permit Requirements

Depending on the nationality and the length of stay, the student may need a visa or a residence permit. Students should immediately proceed with the visa/residence permit application after receiving the letter of acceptance as the process may take up to 6 weeks.

The application can be sent via the e-service of the Finnish Immigration Service and after that the student needs to visit the Finnish Embassy or consulate in his/her home country. Travel arrangements should only be made once the visa or residence permit has been issued.

Information on the process can be found at: migri.fi

A student from an EU country or Iceland, Liechtenstein, Norway and Switzerland may reside in Finland for a maximum of three months without registering his/her right of residence.

Students from the other Nordic countries do not need a visa or a residence permit to live or work in Finland. Nordic citizens must register their stay if residing in Finland for more than six months.

Orientation and Tutoring

Orientation days are organized at the beginning of each semester. The tutoring service is organized in close cooperation with the Student Organization Probba. Each exchange student is paired up with a local student, who will act as a personal tutor. The tutor will contact the exchange student before his/her arrival by e-mail. The tutor will meet the exchange student when he/she arrives in Mikkeli and helps him/her to settle in at the beginning of the semester and with various issues throughout the exchange period.

Services on Campus

On the campus there are also a library, a cafeteria, administrative support offices and student study rooms. IT services are provided in cooperation with Aalto IT, and the Mikkeli Campus is a part of the Aalto University network offering the same services as other campuses.

Aalto University Student Union (AYY) is a 15,000 member-strong student organization. Exchange students are entitled to join the Student Union and it is highly recommended that they do so.
