ABOUT US

The **Escuela Bancaria y Comercial (Banking and Commercial School)** was founded in **1929 as part of the Bank of Mexico**. Today, after 90 years and with more than 159,000 alumni and 15,000 active students, our institution has been a strategic catalyst of economics.

Distinguished alumni such as **Antonio del Valle** and **Roberto Servitje** have shaped world class industries.

We seek to train entrepreneurial professionals who are distinguished in the field of organizations **for their knowledge, for their work and for their being.**

We hope that **educational excellence** is the basis of our work and with that seek the progress of our community.

ACCREDITATIONS AND BEST PRACTICES

International students can choose any of our **eleven campus**, located in different regions of the Mexican Republic.

The educational excellence of our study programs is recognized internationally with the "Full accreditation", one of the highest recognitions.

The Mexican Federation of Private Higher Education brings together only the most renowned private universities in Mexico and it certifies that all of them fulfill excellent academic standards that guarantee high profile graduates. EBC has obtained the highest standards of this certification in 2007 and then again in 2016.

The Ministry of Education in Mexico has bestowed EBC with the Academic Excellence Distinction first in 2004 and it was reaffirmed ten years later in 2014.

EBC has obtained the distinction as Corporate Socially Responsible for 11 years in a row, which is proof of the high commitment our University has with its community and its surroundings.

MEXICO CITY

INTERNATIONAL CAMPUS

Our flagship campus is located in the historical neighborhood of “La Juarez” in the center of Mexico City, where students can find coffee shops, museums and restaurants. Located also just a few blocks from the Reforma Corridor, Mexico’s financial district puts EBC on the trendies and most connected location in the City.

Today our **Mexico City International Campus is the most visited site by the international community**, and fosters new generations of students who want to pursue a business career in an institution where innovation, entrepreneurship and pragmatic business education collide.

The International Campus has several buildings and a series of services for our international students community such as 10 courses in English (5 in fall term and 5 in the spring term), Spanish lessons, an International Day where students promote their home universities, a Buddy program, trips around the city and a circuit to run on the roof of the main building of the same campus. We encourage students from abroad to benefit from each and every one of our study programs.

MEXICO CITY

OUR CAMPUSES
