Universidad de Almería

Ctra. Sacramento s/n

La Cañada de San Urbano

04120 - Almería

The University of Almería is **one of the youngest and most dynamic universities of Spain**, with more than 12,000 students, 600 PhD students, 100 research groups, and more than 800 lecturers. The university was created by the Andalusian Parliament in 1993 at the behest of the Autonomous Government of Andalusia.

Nowadays, the University of Almería offers the possibility of studying a range of **34 Bachelor's Degrees, 14 Doctoral programs, 44 official and own Master's programs**. The University is also proud of its modern facilities among which we can find four lecture theatres buildings, an auditorium, an indoor sport centre with a swimming pool and outdoor sport tracks and tennis courts. Apart from the Bachelor's Degree courses, the student can choose from a **broad range of studies designed by the UAL called "Enseñanzas propias"** (courses, specialist courses, expert courses, Master's programs, etc.) and a **large offer of cultural and sport activities**, which intend to satisfy academic and non-academic demands, coming not only from the university community but from the society in general. There are more than 20 summer courses every year, which are followed by more than 1300 students. The University of Almería has a solid commitment with research and investigation, featuring in the **third position of the Andalusia scientific production ranking**, with 300 research contracts signed with companies, 70 patents registered and 700 published works.

Your mobility at the UAL

International Relations Office

The **International Relations Office** is the administrative service of the University of Almería responsible for channeling all Internalization and Mobility Programs. The IRO provides information and assistance to students who may have doubts or concerns during their stay in Almería.

The UAL participates in the following exchange and mobility programs:

ERASMUS+: KA103 mobility students from the 28 Member States of the EU, the 3 countries of the European Economic Area (Iceland, Lichtenstein and Norway) and Turkey, within the framework of bilateral agreements. KA107 Mobility Program with partner countries and the European Union.

ANUIES-CRUE: Exchange Program with Mexican Higher Education Institutions.

PIMA: Program for Academic Exchange and Mobility. The aim of this program is to strengthen inter-university cooperation and encourage the development of the Latin American dimension in higher level education, through multilateral higher level student exchange projects in the region. This program is promoted by the OEI and the Regional Government of Andalusia (Junta de Andalucía).

ISEP: International Students Exchange Programs. This Mobility Program gives access to a wide range of institutions of higher education in USA, Africa, Asia, Europe, Latin America, the Middle East and Oceania.

UALMUNDO: Mobility Program of the University of Almería addressed to students from the UAL and countries whose universities has a entered a valid agreement with the UAL. We receive students from Argentina, Australia, Brazil, Canada, China, Ecuador, India, Mexico, Panama, Uruguay and USA, among others.

SICUE: National Mobility Program between different Spanish Universities.

Address: PITA Building (30 on the map) Ground floor.

Customer service hours: Monday to Friday 09.00 to 14.00. Previous appointment:

Documents

Passport

We strongly recommend students to check their passport expiration date in advance in order to make sure the expiration date last longer than six months prior to finalize your mobility period.

Action: Check your passport expiration date, and if it is necessary you should get a new valid one. Please, do it as soon as possible.

Visa

The first step regarding the preparation of your mobility is obtaining the visa. Please notice that, in some cases, this process may take several months to be concluded. Therefore, immediately after receiving the selection confirmation by your home university, you should contact the Consulate or Embassy of Spain closest to your residence (follow link) and request information about all the documents that you should provide and all procedures that you should follow.

Also, the International Office of the University of Almería will send you updated information about specific visa requirements.

All visa procedures depend on a valid passport expiration date. International students and researchers wishing to study or conduct research in Spain must be in possession of a visa in order to be able to reside legally in the country. It is not advisable to come to Spain with a tourist visa or without visa at all if your national passport allows it, given that the duration of your mobility is longer than the period of stay permitted in these two circumstances. You must have a student visa before arriving into Spain, as you will not be able to apply for it once in the country and yet you will need to leave and enter again.

For studies and research periods lasting less than three months, no student visa is necessary, unless the interested party is from a country for which a visa is required as a standard practice.

If you will need to open a Spanish bank account, please check the guide section “Opening a bank account” to take into account visa requirements.

To apply for a visa you need to submit the following documents:
<http://www.exteriores.gob.es/Portal/en/ServiciosAlCiudadano/InformacionParaExtranjeros/Paginas/Inicio.aspx>

Students from Non-European Union countries

Foreign citizens from non-EU countries who wish to study or do research in Spain for a period exceeding 3 months must apply for a study visa in the [Consulate or Embassy](#) of their country of origin or legal residence.

The following documents are required to process the study visa:

<http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/InformacionParaExtranjeros/Paginas/RequisitosDeEntrada.aspx>

For studies and research periods lasting more than six months, visitors must apply for both a visa and a student's residence card in Spain. The student must begin the application process within a month of his/her arrival in the country. The student's residence card is processed at the Oficinas de Extranjería (Foreign Nationals Offices) of the Spanish Police.

Important information for students requesting a long term visa to Spain.

It is not possible to enter Spain with a tourist visa and then apply for a study visa. Students entering the country only with a tourist visa will have to return to their country of residence and obtain the visa there.

Action: gather the information we will provide you with; set an appointment at the Embassy; apply for a visit; collect your visa. Upload your passport and Visa.

Warning: If you have a passport that allows you to enter in Spain without a visa (for example, from the USA), please notice that you **still** need a visa, since your mobility period will be longer than the tourist permission of stay.

Researchers or lecturers who have entered Spain with a residence visa which allows them to work without obtaining a work permit, must begin the procedures for obtaining a resident's card within 30 days of their date of arrival in Spain.

Health Insurance

Students from the EU: The European Health Insurance Card is valid for all European citizens who are spending a period of time in any country of the European Economic Space, that is, the European Union, Norway, Iceland and Switzerland.

The students should contact the authorized insurance agency of their country of origin and apply for the European Health Insurance Card.

However, the European Health Insurance Card has a very limited coverage. **Health insurance, civil liability and accident insurance is mandatory as well as repatriation in addition we strongly recommend travel insurance** for all Erasmus+ exchange students participating in a study period at the University of Almería.

Students from non-European countries: A private insurance is compulsory. The insurance must include repatriation. **Health insurance, repatriation, civil liability and accident insurance is obligatory furthermore we strongly recommend travel insurance.**

Specific Information for Erasmus+ KA107 program

For students of this program, in order to plan for your funding needs, you should be aware of the total amount of your grant and the timing of the payments you will receive.

As stated in the information your home university has provided you with, your Erasmus+ grant includes 850 Euros/month corresponding to individual support, plus a contribution to travel expenses that will depend on the distance¹. You should upload to the platform all the tickets & boarding cards of the travel itinerary (from your home to the UAL).

This money is more than enough to live in Almería (a regular student shouldn't need more than €600 a month). Nevertheless, we want to **strongly** advise you to administer your money with care and be aware that the final payment may not arrive before your departure.

Please be aware that your scholarship will cover you for the official study period according to the academic calendar. In most of the cases this amounts to less than 5 complete months. In such cases, the scholarship for the month will be calculated per day spent at UAL (for example, if you spend only 4 months and 3 days at UAL, you would receive the regular €850 per month and €28.33 per each of the 3 days).

It is absolutely necessary to have a Spanish bank account to receive the payment.

We recommend you to start the steps to open it as soon as possible (please check section “Opening a bank account” in this guide and on the website <http://cms.ual.es/UAL/en/comunidad/estudiantes/internacionales/miestancia/index.htm>)

The grant will be paid in the following installments:

- **1st one (30 % of the total amount, plus travel expenses contribution):** After a) your LA and GA are signed and uploaded; b) you have enrolled at UAL; c) you have done your check-in at the International Relations Office; d) you have filled in, signed and uploaded your Addendum with your Spanish bank account number. All students coming from Armenia, Irak, Moldavia, Montenegro and Syria will have an automatic extra payment of €60 as a contribution of the UAL for the VISA fees expenses.
- **2nd one (55% of the total amount)** after 45 days from your arrival.
- **3rd (remaining 15% of the amount, adjusted to your mobility dates):** at the end of your stay. One month before your departure, you will receive an EU survey. Once you fill it we will start arranging for your last payment, which will be adjusted to your real mobility dates.

¹ Per participant: from 100 to 499 KM, 180€; from 500 to 1999 KM, 275€; from 2000 to 2999 KM, 360€; from 3000 to 3999 KM, 530€; from 4000 to 7999 KM: 820€; 8000 KM or more, 1100€. To check the distance from UAL to your home University, use http://ec.europa.eu/programmes/erasmus-plus/resources/distance-calculator_en

In order to do so, we will also require you to upload to the mobility platform your return ticket.

Action: Sign and upload the Addendum (with the Spanish bank account).

Action: Fill the UE survey, send us your flight ticket, and upload (in case) the modifications of the LA signed by you and your home University

Action: Bring enough funds to cover your expenses for the first month. We would recommend a minimum of 600€. Take into account the change of your currency in euros.

IMPORTANT: these conditions are merely indicative and they may change. In any case, the conditions established in the Grant Agreement document signed by the student and the University of Almeria will prevail.

Grant agreement & Adenda Erasmus+ KA107

The Grant Agreement is one of the most important mobility documents. It sets the terms and conditions of your scholarship, as well as your rights and obligations as scholarship holder. It will be available for be signed with Google Authenticator – you must read it thoroughly and sign it . The Adenda to the Grant Agreement requires additional information that you will have to provide once you arrive at UAL (bank account number) this document must be signed with Google Authenticator once you have your bank account number type on your Umove (stay).

Specific Information ISEP program

Accommodation (in double room and **up to 21 room services**) and full food expenses (breakfast, lunch and dinner) will be covered by the University of Almería for all the students coming within the ISEP Program who choose to stay at the **CIVITAS Residence** <http://www.residenciactivitas.com>, or its equivalent of €2,750.

These benefits (accommodation and food expenses) will be provided for the following periods (*):

- For autumn semester students: from September 1st 2022 to February 7st 2023, both days included.
- For spring semester students: from February 1st to June 30th 2023, both days included.
- For annual students: from September 1st 2022 to June 30th 2023, both days included.

ISEP students will agree to a five-month compromise with CIVITAS Residence following the academic calendar of the UAL: https://www.ual.es/download_file/view/29919/76688.

There will be a **trial period**. According to this, the UAL will pay CIVITAS one month for the accommodation and food expenses for **those students who initially agreed to lodge in the Residence**, and eventually declined to do so before September 30th 2022 (for the first semester) or

February 28th 2023 (for the second semester), plus one additional month as penalty fee. The UAL will pay ISEP students € 1,650 to manage their accommodation and food expenses personally for the rest of the semester. Annual students will also receive that amount for the second semester.

The student who resigns to live in CIVITAS Residence after the trial period (after September 30th 2022 for the first semester, and February 28th 2023 for the second semester) will not receive any payment from the UAL, and yet they will have to pay for their own accommodation and food expenses during the rest of the semester.

Those ISEP students who choose to lodge in CIVITAS and wish to be **picked up and transferred from Almeria Airport to the Residence** on the arrival date **at no cost**, will be required to communicate their request in writing to recepcion@residenciavivas.com or by phone on the +34 610 047 486, on a 7-days' notice before the arrival. The students must indicate their contact details, flight number, and day and hour of arrival, under the email subject **ISEP TRANSFER**. If these conditions are not met, pick-up and transfer from Almeria Airport to CIVITAS Residence on the arrival date WILL NOT BE guaranteed.

Other CIVITAS Residence services for lodgers such as individual room requests, laundry service, etc., **are not included in this agreement** and the UAL will not cover them. CIVITAS and the students will agree on these aspects accordingly.

ISEP students who choose not to lodge at CIVITAS and look for **accommodation providing their own food expenses**, will receive 3.000€ per semester.

Economic fines may be imposed in the event that the student does not complete their stay for the whole semester. Si el estudiante ISEP, en su solicitud, opta por **no residir en CIVITAS y buscar alojamiento y manutención por sus propios medios**, con el asesoramiento de la UAL, recibirá 3.000€ por cuatrimestre de estancia. The ISEP student should reimburse to UAL the amount of 1.200€ if the real stay do not long three months or 600€ if the real stay is no longer tan four months in a semester period.

(*) For autumn semester students, the benefits associated to their stay at CIVITAS Residence will be provided during Christmas holidays, according to the academic calendar of the UAL. Those students who intend to stay for this period must inform before December 13th 2022. The students who intend to stay after February 1st 2023 must pay for their own accommodation and expenses.

For spring semester students, the benefits associated to their stay at CIVITAS Residence will be provided during Easter holidays, according to the academic calendar of the UAL. Those students who intend to stay for this period must inform before March 17th 2023. The students who intend to stay after June 30th 2023 must pay for their own accommodation and expenses.

For annual students, the benefits associated to their stay at CIVITAS Residence will be provided during Christmas and Easter holidays, according to the academic calendar of the UAL. The students who intend to stay after June 30th 2023 must pay for their own accommodation and expenses.

Specific Information PIMA program

PIMA students' grant of €2,500 will be paid in two installments:

- 1st payment (80 % of the total amount): After a) your LA is signed and uploaded to UMove; b) you have completed your check-in at the UAL International Relations Office.

- **You must open a Spanish bank account to receive your payments.**
- 2nd payment (20% of the total amount): After you have opened your bank account and you have introduced in Umove your bank account number. You will be paid around 60 days after the arrival date.

NOTE: this program has been temporarily suspended due to Covid-19.

Learning Agreement

You will follow all the steps related to your Learning Agreement in the online platform. Pay attention to your messages in Umove.

You will have access to your Learning Agreement once you receive a confirmation message with the corresponding deadlines. We will inform you accordingly to complete each of the 3 steps of the process.

<i>Don't miss your Learning Agreement and enrollment (matrícula) deadlines!!!</i>	
Step 1	Select courses for your Learning Agreement in UMove platform. We will inform you about the deadlines.
Paso 2	Upload your Learning Agreement document to make it signed by the UAL. You will only be able to complete this step if you have previously finished STEP 1. <i>It is not compulsory to upload the UMove template of your L.A. Instead, you can upload a different template provided that it contains the same information as in UMove.</i>
Paso 3	After completing STEP 1, you will have an exclusive deadline to make your enrollment "Automatrícula" . <i>Keep checking our messages.</i> We will send you a link to Access your Automatrícula within the given deadline.

Signing your Learning Agreement:

Your academic coordinator is in charge of signing your documents electronically. Please remember: You will obtain the signature of your Learning Agreement Before the Mobility and During the Mobility documents when uploading them to UMOVE (Step 2).

IMPORTANT: please note that all documents must be sent and signed online through the UMOVE platform. Any document to be signed must be uploaded by the student to UMOVE, and after this, the academic coordinator will be able to access it and sign it electronically. For this reason, you must not send or request the signature of your documents to your coordinator through any mean other than UMOVE (i.e. on paper or by email).

Academic Coordinator

Your academic coordinator is a UAL professor of your same area of studies. He/she is in charge of the academic issues of international students in the frame of a mobility program at the UAL,

especially in relation to academic guidance and acceptance of Learning Agreements and modifications during the mobility.

Your academic coordinator will:

- Help you when selecting your courses. Check, accept and sign your Learning Agreement.
- Help you with any problem regarding your courses, classes or professors. For instance, when two or more courses overlap.
- Guide you in further academic concerns.

NOTE: Please note that your Academic Coordinator has numerous obligations (teaching and researching), so please allow them reasonable time to respond to your queries or requests.

NOTE: Please note that your Academic Coordinator will be able to support you in any academic aspect (i.e.: problem with a subject, with the timetable, with the Learning Agreement, etc.). However, for any administrative or technical aspect related to your scholarship, to the use of the UMOVE platform or to your AUTOMATRÍCULA, you must contact the International Relations Office via CAU (see section "International Relations Office" above).

University Ombudsman

The University of Almería Ombudsman's mission is to supervise and ensure that the rights and legitimate interests of the university community (students, professors and staff) are guaranteed. Students can therefore contact the University Ombudsman to report any situation of helplessness or injustice towards their rights according to the University of Almería Charter.

Reports can be submitted as complaints following these instructions:
<http://cms.ual.es/UAL/en/universidad/otrosorganos/defensoruniversitario/comoreclamar/index.htm>

Obligations of International Students

International students have the same rights and obligations as local students at the UAL, except for those participation in collegiate bodies. Therefore, they must:

- Register on arrival at the International Relations Office – PITA Building (number 30 on the map) and hand in any documents required (insurance to prove compulsory health coverage, etc).
- Respect all the institutional rules established at the UAL, such as those related to academic matters (i.e. timetables, class attendance, online participation, etc.), or health (e.i. security measures against Covid-19 pandemic).
- Strictly follow the calendar established by the UAL International Relations Office regarding documents submission deadlines. Students' profiles will be entirely managed online through the UMove platform (i.e. Modifications to Learning Agreement).
- Maintain fluid and constant contact with their Academic Coordinator during their stay at the UAL and, in case of any academic concern, inform him/her well in advance in order to find a solution as soon as possible.
- Exemption from the payment of registration fees does not exempt students from paying fees for the use of certain university services under the same conditions as local students.

Assessment and Grading System

There are two ordinary examination periods per academic year. See academic calendar for more information on the dates. Students who do not pass their exams during the ordinary period may retake them during the extraordinary exam period. Each student has to attend classes regularly and comply with the teacher's requirements in order to pass their courses. The specific assessment of each of the courses you are enrolled into is available on the teaching guide that you will find on the website by introducing the code of the course. The following is the general grading system:

ECTS

A = Excellent
B = Very good
C = Good
D = Satisfactory
E = Sufficient
F = Fail
_ = No Results

UAL (10/10)

Matrícula de Honor (≥ 9 and ≤ 10)
Sobresaliente (≥ 9 and ≤ 10)
Notable (≥ 7 and < 9)
Aprobado (≥ 6 and < 7)
Aprobado (≥ 5 and < 6)
Suspenso (< 5)
No presentado (the student has not attend the exam)

Check List

Before your arrival at UAL make sure that:

- You have registered on the UMOVE platform.
- You have an Acceptance Letter.
- You have selected your courses on Umove according to your coordinator at your home university (Step 1).
- You have uploaded on Umove your learning agreement, signed by you and your coordinator at your home University (Step 2).
- You have enrolled the courses you have previously selected and you have filled all your personal data. AUTOMATRICULA (Step 3).
- You have taken out a health insurance covering accidents and common illness, repatriation in case of death or illness (see "Practical matters" Health Insurance below).
- You have signed your Grant Agreement and Addendum (for KA107 students).

On arrival

You must come to the International Relations Office on the day of the appointment (previous online appointment required), bring with you your ID card or Passport. Please, upload to the Umove platform your flight ticket or if you come by car a responsible statement signed by you. If you arrive after the orientation days or your appointment is long after your arrival, please bring your flight tickets with you.

Buddy Program (Programa Mentor) for International Students

The main purpose of this program is to provide international students coming to UAL with some support from the very beginning, thanks to UAL's volunteering mentors, who will guide and help them before their arrival and during their time at Almería.

This initiative aims to help international students to become culturally, academically and linguistically integrated with their new country, city and university.

International students are invited to participate through a registration email that is sent to them 8 to 6 weeks prior to their arrival.

Welcome Conference

The International Relations Office, together with the Vice-Rectorate for Internationalization and the ESN, organize a welcome conference for international students every year. It is important that the international students are present in these days, since they will be able to obtain all the necessary information about their stay in the UAL. The Welcome Conference will take place on the previous days to the beginning of the academic course and also for the second semester. Check the academic calendar. You will receive information about the date and how

to participate through your email.

Practical matters

Accommodation

CIVITAS Residence

<http://www.residenciacivitas.com/>

Students have the opportunity to stay in the new dormitory of the UAL, for the full year or just for a few days. The dormitory will be open even during the summer months. It is well located, close to bus stops to get to the university, and in an area where students can find shops, sports facilities and entertainment venues. Students can book a room through the above website.

María Inmaculada Residence

[Residencia Maria Inmaculada Almeria.](#)

Sharing flat with other students...

Students in Almería also live in **shared flats**. The Erasmus Students Association will help you upon arrival to contact other students and landlords so you can settle down as soon as possible. Nevertheless, finding the right place to live could take a few days depending on your needs and budget. You can already start to check out some of the flats available in the following link

<http://www2.ual.es/alojamiento/>

They are normally private self-catered flats fully furnished with kitchen, bathroom, a living room and three or four bedrooms. The flats always have blankets, however, they never have towels and sometimes there are sheets available.

A single room costs approximately €200 to €300 per month depending on the characteristics of the apartment. Some options affecting the price may include: en-suite facilities, telephone lines and network connections. You should be required to sign a tenancy agreement. The landlord or intermediate agency may ask for a deposit (usually one or two month's rent). The deposit is refundable if you do not damage the property and pay all bills on the property. It should be refunded to you at the end of the tenancy.

Opening a Bank Account

We recommend you to begin with the process of opening a Spanish bank account as soon as possible. This way you can have it open faster and you can receive your payment soon. In accordance with Spanish law, all resident and non-resident foreigners with financial affairs in Spain must have:

- A current passport.
- A photo.
- TIN Tax Identification number from your home country.

-NIE Foreigners tax identification number.

While applying for your visa, it is advisable that you ask for a NIE number as you will need it to open a bank account in Spain. In case that your visa does not bare the NIE, some banks may help you in order to apply for it. They may charge you a small amount of money for the procedure. However, if you need to get one by other means you will find useful the information below.

How to obtain a NIE -Orientative-

In case there is no NIE number in your visa, you will need a Certificate of residency or non-residency “Certificado de Residente o no Residente”. Applications for that certificate can be made at the Foreign Office (Oficina de Extranjería) at Calle Marruecos 1, always via previous appointment to be set through the following ways:

- By phone: 950 625401;
- By e-mail: cita.almeria@seap.minhap.es
- By website: Please follow link and choose “Almería” -> Entrar, “Certificado de residente o no residente” -> Aceptar, and “Entrar” (Oficina Virtual, Extranjería).

You will also need the following documents:

- An application form (form EX14), filled out and signed (please check the English or French version for reference, although the Oficina de Extranjería will only accept the Spanish version);
- Identity card or original passport and photocopy.
- Acceptance Letter of the University of Almería.

Further information about the procedure and required documents:
<http://www.interior.gob.es/web/servicios-al-ciudadano/extranjeria/ciudadanos-de-la-union-europea/numero-de-identidad-de-extranjero-nie->

For studies and research periods lasting more than six months, non-EU students must apply for both a visa and a student’s residence card in Spain. The student must begin the application process within a month of his/her arrival in the country. The student’s residence card is processed at the Oficinas de Extranjería (Foreign Nationals Offices) of the Spanish Police.

Hospitals and medical centers in Almeria

Upon arrival in Almeria, students who have the European Health Card will have to go to the nearest medical center and fill out an application to register temporarily in the health care system. For this, the student will be required to have an address in Almeria. Once the processing is done, the student will be appointed a doctor, if he/she needs medical assistance.

Living in Almería

Cost of living

In general, Almería is not an expensive city to live in. We estimate that the average cost for a student in a shared apartment, including water, electricity and internet, as well as transportation and meals, can be around €550-600 per month. For those students from countries whose currency is not the Euro, we recommend that you check the exchange rate and get some cash in Euros, as you will need this cash for some of the first few days.

Living in Almería is relatively cheap compared to other European cities.

Almería and its surroundings

Almería is located in the southeast of Spain, where we enjoy good weather all year round. Land of incredible contrasts, in Almería you will find kilometers of beautiful beaches of fine sand, many still virgin going through mountainous formations, to which you will arrive in a very short time, until deserted places that will make you think that you are in another world.

The province has a rich cultural heritage as a result of its history, which can be appreciated in many of its buildings. The word Almería comes from the Arabic Al-miraya, mirror of the sea. Almería developed its Christian roots after the conquest of the city in 1489 by the Catholic Kings, Fernando and Isabel. It was then that it began to form part of the crown of Castile. In 1522, Almería suffered a strong earthquake that devastated the city. The slow recovery was completed in the 19th century thanks to the mining and export of grapes. During the Spanish Civil War (1936-1939) the city was bombed. Since then, it has strengthened its economy based on vegetable production, with more than 400,000 m² of greenhouses that supply much of Europe market demand and the tourism, the other great engine of its economy.

Monuments and museums

Alcazaba of Almería: Built by Abderramán III, it is a Muslim fortress divided into three areas. The first enclosure corresponds to the barrack that was used like refuge in case of siege; The second includes the Arab palace; The third was built by the Catholic Monarchs in the Reconquest.
