## 1 Introduction

Welcome to International School of Management (ISM) at University of the Thai Chamber of Commerce (UTCC)

UTCC is the **first** private non-profit higher education institution in Thailand. It offers degrees in Business Administration, Accounting, Economics, Humanities, Science, Communication Arts, Engineering, Law, Early Childhood Education, Tourism and Services, Digital Art and Design, and Nursing.

It is a place where academic theories and business experiences are integrated, to produce graduates who can successfully meet the challenges facing today's global business.

“UTCC International College” was founded in **2010**. As it grows with the time and widens the scope of its operations, in **August 2019**, the university decided to change the name to **UTCC – International School of Management (iSM)**. The iSM runs International Programs purely taught in English both at Undergraduate and Postgraduate Levels.
