birmingham.ac.uk

 @uobstudyabroad

Nomination

Deadline:

September 30th 2025

Please fill in our [online nomination form](#)

Students will receive an email with a link to the online application form after the nomination deadline and will have to apply before the application deadline. Students can expect their offer letters in November/December for January entry.

Application

Deadline:

October 31st 2025

Once a student receives a link, they can start the application process. Documents to submit include the following:

- Passport (valid for the whole period of exchange).
- Most up-to-date official Transcript of Records (ToR) signed & stamped. • English Language Proficiency (ELP) certificate.

Requirements

Students must have completed at least 2 semesters at the undergraduate level or equivalent before applying for their exchange programme at the UoB.

Academic requirement:

For partners outside of the EU, we have Country specific academic entry requirements that can be found [here](#).

English Language Proficiency (ELP) requirements can be found [here](#).

One-semester students coming from our European partners are only required to submit a confirmation by their home coordinator that they have B2 level of English. We strongly encourage you to use our template available on the [website](#).

Academic Calendar

Spring welcome: to be confirmed

Spring semester: 12th January 2026 – 27th March 2026

Summer semester: 27th April 2026 – 26th June 2026

Modules

Exchange students must study 60 UoB credits (equivalent to 30 ECTS) per semester and 120 UoB credits (equivalent to 60 ECTS) per full academic year.

The University is structured around five Colleges, four of which are open to Study Abroad and Exchange students (College of Medicine and Health is currently excluded). Students need to select their host school and preferred college, which is relevant to their study plan. At least 40 credits per semester should be selected within the preferred College but can be in multiple Schools within that College.

The four Colleges that are open to Study Abroad and Exchange students are:

- College of Arts and Law
- College of Engineering and Physical Sciences
- College of Social Sciences
- College of Life and Environmental Sciences

More information regarding modules can be found [here](#). All modules are subject to availability and academic pre-requisites. Please also note that modules offered in 2025/26 will be updated with new handbooks before the summer break.

Exams

Examination dates at the UoB are different in each College and depend on the modules students choose. Second semester only students must complete their assessments in June.

Transcript of Records

The University has moved to a secure online system Gradintelligence. Students will be able to use their alumni university email address and password to login, even after leaving UoB.

You can view, download and share your transcript with your home university. For more details, please refer to the email you received from the University and the relevant information on the [Student Documents](#) website.

If you are struggling to access your Gradintelligence account, or for more information about how to use Gradintelligence, please visit our FAQs page: [Secure Documents Website: Gradintelligence](#)

If you have any questions regarding your official transcript, please contact the host academic school directly.

Living expenses

The cost of living in Birmingham is low when compared to some other major cities like London and Edinburgh. It will depend on several factors such as the type of accommodation, the amount spent on food, travel, clothing, and social activities. You can find more information [here](#).

Housing

We have a dedicated number of rooms available for Study Abroad and Exchange students studying at the UoB for one semester only.

Additional information can be found [here](#).

Health & Insurance

We recommend that you purchase a health insurance before you travel and arrive in the UK. The University has a health centre on campus, and you should register with this service when you arrive.

As your course lasts six months or less, you will be treated as a private patient and will have to pay to see a doctor. The charges for this can be especially high if you need medication or hospital treatment. Dental and optical treatment must also be paid for, as is the case for those permanent residents.

Visas

Students coming for one semester either need to apply for an Electronic Travel Authorisation (ETA) or a Standard Visitor Visa (SVV). For details, please check on UKVI website [here](#).

Advice and support with visa applications can be found on the University's webpages [here](#).
