International Affairs

"My time at NAU was the best year of my life without any doubt. I loved NAU because everyone was really nice and friendly,

always willing to help and listen, always curious about my life and my culture. And when I say everyone, I am talking about professors, American and international students, all the international staff, receptionists, Uber drivers...everyone."

Established in 1899, Northern Arizona University (NAU) is a prestigious public institution in Flagstaff, Arizona. More than 22,600 students attend the university in Flagstaff, with 10,400 living on campus. NAU is well-known for its excellent academic programs and student-centered approach to higher education. Here, you will find the support you need to reach your goals: professors who encourage you to learn, exciting research opportunities, and career-building internships.

Flagstaff is a vibrant mountain town with an exciting entertainment scene and unparalleled natural scenery, only 90 minutes from the Grand Canyon and 3.5 hours from Las Vegas.

"I chose Northern Arizona University because I loved the academic plans offered. When I moved to Flagstaff, I did not expect that I would adjust and become part of the community so quickly. NAU has many events that students can enjoy and good academic support services to help students succeed. In my experience, joining a club helped me to make friends while sharing my culture."
