Focus on Professional Distinction

UNIBusiness is committed to helping you find your niche in business by determining your professional distinction. How will you stand out in business? The college's **Professional Readiness Program**[®] is designed to give students an edge on the competition by arming them with the skills to be career ready on day one. Professional certifications, competitions, engagements and endorsements are an expected aspect of the UNIBusiness experience and will give you a jump-start on professional success.

A Global Leader in Business Education

UNIBusiness has built a record of excellence and a culture of achievement with faculty who are committed to students' success. The quality of our business program may be reflected in the success stories of our students and alumni, but it's our 'ready for business' mantra that continues to be the foundation of our success. With a faculty/student ratio of 18 to 1, UNIBusiness' professors offer a hands-on, engaging experience that challenges all students, creating an education that is hard to match.
